

FAQ

Q

I had my nails done somewhere else but I need an infill. What shall I do ?

A

Yes, you can get an infill if you had your nails done somewhere else.

However, I require a consultation before booking an appointment for an infill.

FAQ

A

During this consultation, I will assess the health of your nails and determine if an infill is possible.

I will charge you as a new set price.

If your nails are not healthy enough for an infill, I will recommend other services that may be suitable for you.
